Mr. Terry Buono
Vice President
CableSys
Div. of Cable Systems of North Haven, Inc.
42 Broadway
North Haven, CT 06473

Dear Mr. Buono,

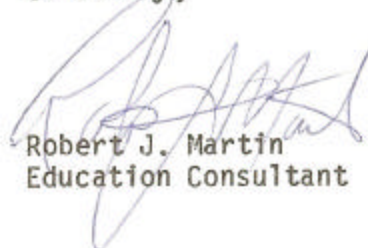

I have reviewed the curriculum and schedule for your Telephone-Interconnect apprentice program. The program satisfactorily complies with the State's apprentice curriculum standards. Apprentices satisfactorily completing the entire program will be given full credit for the related instruction requirement for their apprenticeship.

The following are general conditions:

1. All apprentices must be registered with the State Labor Dept.
2. The approved curriculum and schedule cannot be changed without prior approval from this office.
3. Satisfactory completion of a unit of instruction is a grade of 70 or better and class attendance no less than 80% of its scheduled meeting times.
4. Copies of the class rosters showing attendance and grades must be submitted to this office after each course is completed.

Should you have any questions or problems, do not hesitate to call me at 638-4125.

Sincerely,

Robert J. Martin
Education Consultant
