Steve Vincent
Cable Systems
500 Washington Avenue
North Haven, CT 06473

Steve:

This letter to express my satisfaction with the work that Cable Systems has done on the project of installing new data wiring here in the Comptroller's Office. The Cable Systems crew has been a pleasure to work with during the course of this project. I am especially pleased with the supervisor of the work crew, Mike Onofrio. Mike has been very professional and efficient in his dealings with me. He has been quick to address any issues that I have raised, and has conducted the installation in a manner that has caused little or no disruption in the work environment of the agency. In addition, I have received several comments from agency personnel about the professionalism of the Cable Systems crew.

If you need recommendations regarding the cabling work of Cable Systems, it would be my pleasure to recommend you to other state agencies.

Sincerely,

A handwritten signature in cursive script that reads "Fred Massa".

Fred Massa
Technical Manager
Office of the Comptroller
