Mr. Terry Buono  
Cable System  
500 Washington Ave.  
North Haven, CT 06473

Dear Terry,

At a recent Anixter meeting that Richard Moody had arranged I had the opportunity to meet Mike Defusco.

Mike shared with me the news about the letters you have received from the State of Connecticut regarding the quality of his work. I asked him to fax me copies so I could read them myself. Please thank him for sending them off so promptly.

I'm writing to personally tell you how pleased I am with the quality of the work your staff performs as subcontractor on our cable installation jobs.

I know that sometimes the circumstances in which we work with various state agencies can be challenging. It's great to see a technical employee complemented for his customer service skills.

On behalf of Richard Moody and myself, I just wanted you to know how much we appreciate the customer service attitude your staff displays working on our installations.

Thanks Again!

Sincerely,

Gary E. LaPlant  
Executive Vice President
