To Cable Services^{SYSTEMS}:

This is a letter of recommendation for Rodney Milliard, who has been an excellent representation of Cable Services as demonstrated by his work ethics. Through observations of him at Wilcox Technical High School, I can conclude that he leads by example and judiciously manages his resources.

By today's standards he is a rather unique individual who is self motivated, conscientious and has impeccable character. While in conversation, I noticed that he possesses strong rapport and understanding of the electrical field and data wiring.

He epitomizes the essence of today's manager. Any opportunity to have Rodney stay a part of your organization should be capitalized on. He is a trustworthy individual who is deserving of this recognition.

Sincerely,

George Paradis
Electrical Dept. Head
