North Haven, CT 06473

Attention: Mike DeFusco

Re: Vinny Vitale

Dear Mr. DeFusco:

I know most people do not write rewarding letters, but I must comment on the Data and Communication system that was installed at the Career High School on Legion Avenue in New Haven. I was very impressed at the workmanship of the installation and the cooperation I received from your company.

It was a pleasure working with your staff.

Sincerely yours,

David Caplan  
Assistant Electrical Inspector
